Sermon Notes

2020 Vision: Worship God | Hebrews 10:19-25
Dr. Sam Tyson, Teaching Pastor

Central Truth: True worship flows from a heart transformed by God which leads to a life that glorifies Him and cherishes our church family.

What is worship?

“An act of acknowledging and praising the greatness of God in ways that He sets forth for us.”

Worship is: personal and corporate — inward and outward — ordinary and special.

How do we develop a heart of worship? -Hebrews 10:19-25

- Always **remind yourself** of the miracle of salvation. (vv.19-20)
- Pursue God with your **heart** which transforms your life. (vv.21-22)
- **Cling to God** through highs and lows. (v. 23)
- Embrace God’s second great gift: **your church family.** (vv.24-25)

Imagine what this could look like for CrossWay in 2020!

Let’s be people who worship Him with a **passionate heart** in **all** that we do on Sundays.

Let’s be a **family who loves** our Savior and cares for each other.

Let’s be a church where **bold** and **dependent prayer** define us.

Let’s all **long for others** to know the same God who is transforming us.
